

BEHR PREMIUM™ CHALK DECORATIVE PAINT FAQs

Chalk Decorative Paint is a matte finish paint that can be applied over various substrates with minimal to no surface prep. It applies smoothly and provides excellent hide. Available in a wide variety of colors, the complementary waxes can add layers of protection in addition to enhancing the colour and adding character to any surface.

CAN BEHR PREMIUM™ CHALK DECORATIVE PAINT BE USED ALONE FOR A MATTE FINISH?

Yes, when applied alone, BEHR PREMIUM™ Chalk Decorative Paint dries to a matte, soft touch finish – perfect for achieving a velvet and chalky look.

CAN BEHR PREMIUM™ WAX DECORATIVE FINISH BE LAYERED WITH OTHER WAXES?

Yes, you can layer the waxes in any desired combination to achieve certain looks and seal in the color.

WHAT TYPES OF SURFACES CAN I USE BEHR PREMIUM™ CHALK DECORATIVE PAINT ON?

BEHR PREMIUM™ Chalk Decorative Paint can be applied over most existing surfaces with very little surface preparation. Perfect for refreshing old and new wooden furniture, cast stone, concrete, and even metal surfaces[†] to create one-of-a-kind accent pieces.

[†] For improved adhesion, prime all uncoated metal, cast stone, and concrete surfaces before painting.

CAN I USE BEHR PREMIUM™ CHALK DECORATIVE PAINT OUTDOORS?

We do not recommend using BEHR PREMIUM™ Chalk Decorative Paint outdoors without a protective coat.

CAN I USE BEHR PREMIUM™ CHALK DECORATIVE PAINT IN HIGH TRAFFIC OR AREAS THAT GET MOISTURE?

BEHR PREMIUM™ Chalk Decorative Paint can be used in high traffic or high moisture areas with the addition of a topcoat adding a layer of protection.

IS IT THE SAME AS CHALKBOARD PAINT?

This is NOT chalkboard paint and is not recommended to be written on. BEHR PREMIUM™ Chalk Decorative Paint is recommended to upcycle & inject new life into furniture pieces and accessories giving them the desired decorative finish with our 2-part paint and wax system.

HOW MANY COATS OF CHALK STYLE PAINT DO YOU NEED TO APPLY?

You may need to apply 1-2 coats for maximum coverage hide, depending on the color and desired look. For example, lighter colors may require 2 coats, while dark and muted colors may only require 1 coat.
